

The Black Healthcare & Medical Association

Corporate Support Levels

The Black Healthcare & Medical Association (BHMA) is a global, independent professional membership organization for Blacks and African Americans in the healthcare and life sciences industries. Our mission is to promote deeper and broader professional contact, communication, and resource exchange among Blacks and African Americans in the healthcare ecosystem, including executives, entrepreneurs, investors, payers, academics, physicians, researchers, scientists, policymakers, and service professionals. BHMA is an equity project of the Center for Healthcare Innovation (CHI).
